

PUMPS

Premium Products for Every Application

For over 35 years, TDM has been committed to providing a seamless selection of premium, energy-efficient pumps to satisfy virtually any pumping application. An unparalleled inventory of quality pumps and parts, coupled with near legendary service, makes TDM the region's choice for industrial and commercial pumping needs.

- New and Used Equipment
- 24-Hour Service and Parts Availability
- Engineering and Application Services
- Repair and Overhaul of All Brands of Pumps
- Controls and Variable Speed Drives
- Motors, Couplings, Seals and Base Plates
- Field Pump Testing and Precision Flow Measurement

Unmatched Service & Support

- Certified Factory Trained Technicians
- Modern Diagnostic & Testing Equipment
- Pump Performance Testing
- Flow and Pressure Monitoring
- Field Laser Alignment Service
- Energy Evaluation
- Vibration Monitoring and Analysis
- Preventative Maintenance Programs
- Custom Pump Skids and Packages
- Booster Systems
- High Pressure Snow Making Systems
- Hydraulic Upgrades
- Factory Overhauls

Servicing all of New England with regional representatives to provide unmatched service and support.

SULZER

Industrial Process

- ANSI
- Ahlstar Process Pumps
- API
- Boiler Feedwater

Positive Displacement

- 2 and 3 Screw Gear Pumps
- Crescent Internal Gear (CIG) Pumps to 5000 psi
- Vertical Lube Oil

Industry & Marine

- Progressive Cavity
- Horizontal High Temp Process Pumps
- Vertical Lube Oil

ROTO-JET PUMP

High Pressure

- Single Stage
- Pressures to 5,000 Feet
- Flows to 800 GPM
- High Pressure Pitot Tube

Specialty Pumps

- Self Priming / Solids Handling
- Abrasion Resistant Materials
- Vortex Slurry
- Screw Centrifugal

General Service & Process

- End Suction Centrifugal
- Vertical Wet Pit Sump
- API
- Boiler Feedwater

General Purposes

- Vertical Multistage
- End Suction
- Boiler Feed

General Industrial

- Horizontal Split Case
- Dry / Wet Pit Pumps
- Condensate Packages
- Vertical Specialty

General Service & Fire Protection

- End Suction Process
- Horizontal Split Case
- Sump and Sewage

Submersible

- Wet / Dry Pit
- Heavy Duty Slurry
- Wastewater
- Dewatering

Construction & Fuel Handling

- Self-Priming
- Engine Driven
- Solids & Trash Pumps
- Rotary Gear Fuel Oil Pumps

Industrial Process

- Vertical Turbine to 35,000 GPM
- Vertical Booster Pumps
- Specialty High Pressure

Fluid Handling

- Diaphragm and Piston Pumps
- Run Dry Capability
- Self Priming

Application Diversity

- Vertical Sump
- Cantilever Sump
- Solids Handling
- End Suction Centrifugal

Vacuum Pumps & Systems

- Liquid Ring
- Rotary Vane
- DynaSeal

- ENGINEERING
- SALES
- PARTS
- 24-HOUR SERVICE

- NEW & USED EQUIPMENT
- RENTALS
- FINANCING
- LEASING
